

# Maryland Soybean Board

Current fiscal year  
checkoff investment  
in production research

# \$156,753

## TOP RESEARCH FUNDING AREAS

- Variety Development and Trials
- Weed Control
- Pest Management
- Cover Crops

## RECENT INNOVATIVE RESEARCH PROJECTS

- Improving Detection of Dectes Stem Borer for Developing Spray Recommendations in Soybeans
- Evaluation of Growth-Promoting Products for Soybean Production in Maryland
- Managing Herbicide-Resistant Common Ragweed Emergence and Growth in Soybeans
- Planting Green - Extending the Growing Season to Get More Payback from Cover Crops
- Phosphorus runoff from no-till soils - do cover crops make it better or worse?

## TOP THINGS FOR FARMERS TO KNOW ABOUT CHECKOFF DOLLARS INVESTED IN RESEARCH

The Maryland Soybean Board supports research for soybean farmers to have the most current information to protect their crops and the environment. Recent research investments have focused on yield and soil health.

## TOP AREAS OF RESEARCH CRITICAL TO THE FUTURE OF MARYLAND'S SOYBEAN PRODUCTION

- Increasing Yield
- Soil Health
- Technology Access

“Through the funding of these projects, we aim to fulfill our mission of increasing the profitability of Maryland soybean farmers. The projects selected for funding address local issues that will positively impact farmer’s operations.”

— MSB Chairman, Joshua Appenzeller, Sudlersville, MD
